

QUALITY POLICY STATEMENT

EGR's vision is to be the world's leading provider of external automotive accessories and the range of building and commercial products that the company markets. We will achieve this by providing products of the very highest quality.

EGR's Quality Management System covers all of its business activities, from initial inception to design and manufacturing, through to final delivery to customers and after sales care.

The principal philosophy in all of EGR's endeavours and an integral part of our Quality Management System is an absolute commitment to continuous improvement and the satisfaction of all customer and regulatory requirements.

EGR operates within a defined organisational structure that assigns responsibilities, sets objectives and targets, applies resources, executes activities and reviews performance in line with the requirements of International Standard ISO 9001 and International Automotive Quality Management System Standard IATF 16949.
